If the pedestrian indications are not working, call (585) 753-7760. If you have concerns about the safety of a crossing, call the Monroe County Department of Transportation at (585) 753-7720 or send an e-mail to mcdot@monroecounty.gov.

WALKING TIPS

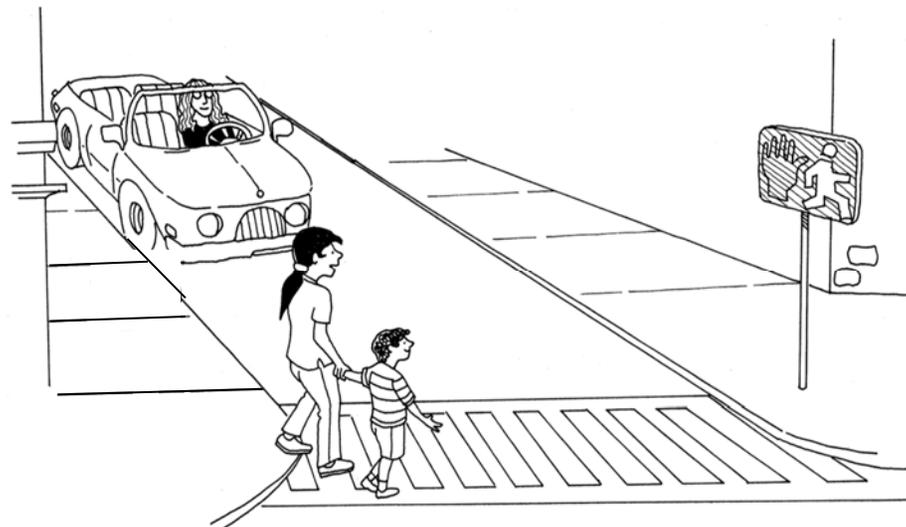

HELP YOUR CHILD STAY SAFE NEAR TRAFFIC

Contact the Office of Traffic Safety to schedule a presentation for your group or organization
(585) 753-3018

Teach your child to obey all traffic signs and signals

Steady White Light		**This sign means you may walk. However, first you should:** ♦ Look to the left, right and left again. ♦ Watch for turning cars. ♦ When it is safe, leave the curb and cross the street. ♦ Keep looking for cars as you cross.
Flashing Light		**When this sign is flashing use caution.** ♦ If you are in the street, finish crossing the street. ♦ If you have **NOT** started crossing the street, stay on the curb. ♦ If a countdown timer is present, it will display the number of seconds remaining to finish crossing the street.
Steady Light		**When this sign is steady you should WAIT.** ♦ Stay on the curb. ♦ If a button is provided, push the button and wait for the "WALK" signal.

Guidelines for Pedestrian Safety

Be sure your child knows:

♦ DO NOT dart out into the street. They should always use the crosswalk or cross at the corner.

♦ **Always obey the crossing guards and follow their directions. Use designated school walking routes.**

♦ Always walk on the sidewalk. If there is no sidewalk, always walk facing traffic as close to the left as possible.

♦ If there are parked cars or their view is blocked, they should move to where they can see approaching traffic.

♦ Look for signs that a car is about to move (rear lights, exhaust smoke, sound of motor, wheels turning, etc.).

♦ Make eye contact with each driver before they cross in front of a car.

♦ Find safe play areas away from streets, driveways or parking lots.
